

Benefit from the advantages of KENT MS-Polymer adhesives!

- ✓ **Save costs using less tools** – Only gun is needed for the application – no gun for the pressure pack
- ✓ **Save working time** – No drilling or other preparatory work
- ✓ **Universally applicable** – regardless of material thickness, our adhesives can always be used
- ✓ **Improved safety at work** – MS-Polymers contain no acids or solvents
- ✓ **Does not string** – neat application, quality finish

Perfect adhesion and sealing with high quality MS-Polymer products

Whether universally applicable, fast or extremely strong – with our premium adhesive range you will enhance your workflow and save time and costs

For thorough pretreatment:

MS PREP

Special primer to improve the adhesion on painted and bare metals
Part No. 83748 – 100 ml bottle

PRIMER DC

Pretreatment primer for improving adhesion of MS-polymers on porous surfaces
Part No. 86532 – 800 g bottle

PLASTIC ADHESION PROMOTER

Special primer to boost adhesion on plastic surfaces
Part No. 85828 – 400 ml aerosol

Premium quality accessories for optimal results:

BATTERY CAULKING GUN

Powerful Battery Gun
Part No. 86350 (400ml), 86366 (600ml)

PRO JOINT LINER

A set of four spatulas to create 16 sealant joint designs
Part No. 86609 – 4 spatulas

NOZZLES

Different versions and packs
Part No. 86006 & 86007 (360° Nozzle)
34087 (Precut Nozzle), 86435 (Smart Seam Nozzle)

Additional high quality tapes to make the application easier:

HIGH STRENGTH TAPE & HIGH STRENGTH TAPE CLEAR

Extra strong double sided adhesive tape
Part No. 86578, 86579, 86582, 86580, 86581
(different sizes)

WATERPROOF TAPE

Strong reinforced waterproof tape
Part No. 84592 (black), 86144 (silver)
50 mm x 50 m

ADHESIVE BACKED SHIM STOCK

Adhesive backed sponge rubber weather strip tape
Part No. 40100, 40125, 40130
(different sizes)
