

Anti-Virus* air conditioning maintenance

*virucidal action against enveloped viruses, i.e. SARS-COV-2, MERS-COV, SARS-COV -1, Influenza – conforms to EN1650, EN1276 and EN14476

Whether it is for your next inspection or air conditioning maintenance, KENT has a convincing offer for an anti-virus*, anti-bacterial, clean and healthy vehicle interior which will impress your customers

Air conditioning disinfection against viruses* and bacteria

Increase your turnover - with our virucidal and bactericidal refresher for a clean and healthy climate in vehicle interiors.

Offer disinfection of the air conditioning system as an additional service - for example, during filter replacement or air conditioning system maintenance. **You can offer this service either as an optimum supplement or as an additional service with direct invoicing. Now also with the virucidal effect against enveloped viruses like SARS-COV-2, Influenza etc.**

Impress your customers and create a unique customer experience. **Air Co One Shot not only refreshes and disinfects, it also acts against enveloped viruses.** With the pleasant (non-perfumed) fragrance you offer your customers a key experience and increase satisfaction. **Your customer will certainly be happy to come back!**

*virucidal action against enveloped viruses, i.e. SARS-COV-2, MERS-COV, SARS-COV -1, Influenza – conforms to EN1650, EN1276 and EN14476
